LOWELL GROCER HAS TO SAY OF AYER'S Sarsaparilla

"A year ago last spring, my partner died, and the whole burden and responsibility of a large grocery business, fell upon me. The increased care and hard work, in connection with the low state of my blood, from which I had always suffered during the early spring, so severely taxed my strength that I became all run down, had no appetite,

was weak, nervous, and endured all the torments which headache, indigestion, general debility, and total loss of energy, could possibly inflict. The medicines recommended me by my physicians did no more good than so much water. AYER'S Sarsaparilla being favorably brought to my attention, I tried it, and, in a short time, began to feel better. continued to take this medicine for nearly two months, at the end of which time I felt like a new man. My appetite, energy, and strength returned. my food digested perfectly, and all traces of headache and nervousness disappeared. I am convinced that if I had not taken AYER'S Sarsaparilla, instead of being strong and well, when the WARM WEATHER set in, I should have been confined to my bed, under the doctor's care, and totally unable to attend to business. I am a thorough believer in the merits of AYER'S Sarsaparilla for restoring to healthy, vigorous action, the vital organs of the body, when they have become weakened or exhausted from any cause. As a spring medicine, there is nothing like it."
